SKILLS Python, React, JavaScript, Redux, TDD, HTML5, CSS3, SQL, Git

PROJECTS

JustChess (Python, Flask, React, Redux, Socket.IO Flask-SocketIO, SQLAlchemy PostgreSQL, HTML5, and CSS3) [Live Site](#) | [Github](#)

A website based on chess.com where users can add friends, send messages, and play a game of chess with another user.

- Implemented back-end chess validation and game logic using Python classes.
- Incorporated websockets using Socket.IO to keep game state, and message history constant between users.
- Used the CSS transform property to position chess pieces, allowing use of the transition property to accomplish smooth movement animations.

MediumClone (Python, Flask, React, Redux, SQLAlchemy, PostgreSQL, HTML5, and CSS3)

[Live Site](#) | [Github](#)

A full-stack web application where users can write stories, add comments, and like/dislike stories and comments.

- Partnered with three other students to create the website, gaining skill and confidence with the git workflow on a team.
- Implemented comments and replies to have infinite reply depth with a reusable stacking react component.
- Gained experience debugging code I hadn't written.

CloudSound (Express, JavaScript, React, Redux, CSS3, Sequelize, PostgreSQL)

[Live Site](#) | [Github](#)

A soundCloud clone where users can create songs, albums, playlists, and comments on songs.

- Plan to add AWS for music uploading
- Plan to add music playback

EXPERIENCE

Nitto Advanced Components Jackson

Jackson, Missouri

Machine Operator

June 2020 – Present

- Succeeded both on a team, and in a solo role, to stay productive and exceed expectations.
- Worked together with another employee to remove defects, and to rework approximately \$160,000 worth of material each month that would otherwise have been scrapped.
- Supported three other departments as needed, and was always praised for my ability to learn quickly, and for my attention to detail.

Chick-fil-A

Cape Girardeau, Missouri

Team Leader

January 2017 – June 2020

- Operated as team leader during peak sales hours, facilitating communication and speed.
- Achieved record number of guests served in the drive-thru during lunch hour.
- Headed outside drive-thru order taking in all weather conditions, serving 100+ guests in an hour.

EDUCATION

App Academy

Online

Curriculum of Study in Web Development (Python, JavaScript, and React)

January 2023
